Seller shall be responsible for all damages of any kind incurred or suffered by Buyer that are caused by any delay in Seller in making deliveries of acceptable Goods. Seller agrees to notify Buyer in writing immediately if at any time it appears that Seller may not be able to meet the Order delivery schedule. Such notification shall include the reasons for the delay (actual or potential), the steps being taken to remedy the delay, and the anticipated revised delivery schedule. Such notice and any assistance furnished by Buyer to overcome delays shall not be regarded as waiving Buyer's remedies for default, including termination rights, if Seller fails to meet the Order delivery schedule.

The cost of all return shipments shall be borne by Seller.

6. WAIVER

- b) All obligations of Seller hereunder shall survive acceptance of and payment for the Goods. Seller shall indemnify, release and hold harmless Buyer from and against all liability, loss, consequential and incidental damages, and expenses resulting from the breach of any warranty or resulting from any other act or omission by Seller, its agents or employees, while in the performance hereof.

9. ACCEPTANCE

Payment for any Goods or Services under this Order shall not constitute acceptance thereof. All Goods hereunder are subject to inspection at Buyers designated location either before or after payment or before or after acceptance, at Buyer's option. Buyer reserves the right to reject and refuse acceptance of Goods that are not in accordance with the Order requirements, instructions, specifications, drawings, and data or Seller warranties (expressed or implied). Goods not accepted shall be returned to Seller for full credit repair, or replacement at Buyer's sole option and at Seller's risk and expense, including transportation charges both ways. No replacement of rejected Goods shall be made unless specified by Buyer in writing. Acceptance of all or any part of the Goods shall not be deemed to be a waiver of Buyer's right either to cancel or return all or any portion of the Goods because of failure to conform to this Order, or by reason of defect, patent or latent, or other breach of warranty, or to make claim for damages, including manufacturing costs, damage to material or articles caused by improper boxing, crating, or packing and loss of profits or other special damages occasioned Buyer. Such rights shall be in addition to any other remedies provided by law.

10. INSPECTION

All Goods shall nevertheless be received subject to final inspection and approval by Buyer after delivery at destination. Buyer's inspection, or its lack of inspection, shall not affect any express or implied warranties. If the face of this Order stipulates that the Goods shall be subject to inspection at Seller's facilities, Seller shall provide reasonable space and assistance for the safety and convenience of employees and/or representatives of Buyer and its customer. At the time of inspection, Seller shall make available to such representatives copies of all drawings, specifications, and other technical data applicable to the Goods ordered.

Seller, as required as part of its performance hereunder, shall, on or before delivery of any Goods, supply any and all printed materials, such as catalogs, drawings, cuts, certified prints, characteristic curves, parts lists, service and technical manuals, and diagrams relating to such Goods. The failure of Seller to deliver the foregoing printed material shall constitute a basis for nonpayment of the price of the Goods until delivery is made. All such printed materials supplied by, or specifically prepared at the request of Buyer, shall at all times be and remain the property of Buyer and shall be delivered to Buyer on demand.

12. PATENT INDEMNITY

The Seller agrees, upon receipt of notification, to promptly assume full responsibility for the defense of any suit or proceeding which may be brought against Buyer, or any of its subsidiaries, constituent companies, agents, or vendees, hereinafter for the purpose of this section collectively referred to as the "Buyer," for alleged infringement of any U.S. or foreign patent, copyright or trademark, as well as for the alleged unfair competition resulting from similarity in design, trademark, or appearance of Goods, by reason of the use or sale of any Goods or processes furnished under this Order, except for Goods manufactured or processes developed entirely to Buyer's specifications. Additionally, Seller agrees to assign to Buyer and not otherwise to make use of any invention, improvement, or discovery (whether or not patentable) conceived or reduced to practice in the performance of this Order by any employee of Seller or other person working under Seller's direction, and such assignment shall be considered as additional consideration for the making of this Order. Seller shall assume all risk of loss or damage to such property, maintain and repair the same, and return or turn over the same to Buyer in Good condition, reasonable wear and tear excepted, upon the completion, cancellation, or termination of this Order. Further, such property shall be identified and marked by Seller as Buyer's property and shall be used only as expressly authorized by Buyer. Any claim for adjustment under this section shall be deemed waived unless asserted within twenty (20) days from the date of receipt by Seller of the change order, provided, however, that Buyer, if it decides that the facts justify such action, may receive and act upon such claim submitted at any time prior to final payment under this Order. Any such claim must set forth the amount of any increase or decrease in the cost of performance resulting from the change in the format and detail specified by Buyer.
